## ABOUT NATHANIEL

Nathaniel started playing tennis at about the age of 7, encouraged by his Dad, who coached boys' varsity tennis at a Connecticut boarding school. He played in junior tournaments in New England as a teenager, and played varsity tennis and squash for 3 years and captained the boys' squash team at the Millbrook School in Millbrook, NY.

After a break from tennis, Nathaniel returned to playing actively in his 20s and participating in USTA leagues as a player and eventually as a captain. He has twice travelled to USTA Nationals as a player and has captained multiple USTA teams to first place finishes in local leagues, and captained 1 team to the USTA Eastern Sectionals playoffs.

Nathaniel was an instructor for several summers for the General Bass/Pappy Martin Tennis League, run by National Inner Cities Youth Opportunities (NICYO) at MLK Park in Buffalo. He has also been a volunteer assistant coach for the Midlakes Boys' Varsity tennis team.

## AREAS OF EXPERTISE

“My main areas of experience are working with beginner to intermediate juniors and adults, coaching basic technique, stroke improvement, footwork, and match play strategies and scenarios, especially in doubles. I love working with passionate tennis players of all ages and providing compassionate, informed feedback and encouragement to help my students develop their games and become the players they want to be.”
