

LUKE PETROSINO

TESTIMONIAL

Luke has been an outstanding tennis coach for me and my family, including my children. His excellent tennis knowledge and teaching methods, coupled with his warm and supportive coaching approach, really set him apart. Luke knows how to challenge you to excel while maintaining a positive, encouraging atmosphere that ensures you never feel frustrated or doubt your potential - regardless of your skill level. I am grateful to have a coach I not only trust to guide my game, but also enjoy spending time with. Our kids used to be hesitant about tennis, but since having Luke as their coach, they look forward to their lessons and respect him. We are fortunate to have found Luke and cannot recommend him highly enough as a coach.

ABOUT LUKE

Luke has been teaching and coaching in different capacities from the time he was in high school in Auburn, NY. He played club soccer and began his coaching career in youth soccer camps and clinics at The Ultimate Goal in Marcellus, NY. From here, Luke continued coaching soccer for Soccer for Success in Buffalo, NY, when studying Education at the University at Buffalo. Luke was recognized as an Area Manager and National Trainer for the soccer program. He then worked with the club's Program Director to develop and begin coaching a tennis program alongside the soccer program in Buffalo. Since moving to Rochester in 2018, Luke has used his master's degree in childhood education to teach 5 years of 4th grade in Newark, NY. Luke also started a Varsity Boys Tennis team in Newark after years without one for the school district. In his second year as coach, he led the team to a winning record and the first home sectional win in over 10 years. During his time teaching, Luke was the Camp Director for our Summer Sports Camp, which connected him to many of our members. This fall, he joined the TCR team full-time as a tennis pro and front desk supervisor. Luke has since received his Level 1 Certification as a tennis professional through the Professional Tennis Registry.
